Dividita 2018-04-07 Meeting Agenda

Saturday, April 7 from 1:00pm-2:00pm (US/Central), via Google Hangouts
https://hangouts.google.com/hangouts/_/wtcwjsf5ovewbcurfh5ccix3v4e

- **1pm-1:15pm:** Get up to speed:
  - Hellos
  - Look over the agenda
  - Project summary: to make self-organization, measured by leverage, highly reproducible and successful. **The end goal is a system allowing collective groups to make decisions equally as a group, rather than using representatives, in order to run an organization.**
  - Suggested high level: a collection of apps/functionality enabling our end goal that can be plugged into various existing services, e..g, Slack, Discord
  - We're on Facebook (private group) and have a Google Calendar, we have book club newsletter and primary newsletter
- **1:15pm-1:20pm:** We have a new funnel: The Study of Leaderless Organization, this may be more productive than labelling everything "Dividta" cuz people seemed to respond to this more (think about: book clubs, etc); allows us to be more broad in gathering a pool of interested people we can draw from. Should put in general newsletter.
- **1:20pm-1:45pm:** Revise Q2 Action Plan, also where are we at with the red actions?
- **1:50-2pm:** Open discussion, free time, summary

NOTE: Materials, including meeting minutes, will be put on dividita.org as PDF (Lily will do that…)
